

# The Founders Committee

*of the RWM-HC*

Thanks to Daphne Dove-Peirce for hosting and to Mary Jane Casablanca for facilitating another insightful and stimulating discussion of “The 5,000 Year Leap”!

Last night we covered the first 5 of the 28 principles our Founding Fathers said must be understood by everyone who desires peace, prosperity and freedom. We were encouraged to contribute – and no one was shy about contributing - thoughts and ideas of the reading assignment and asking questions. For me this journey is truly a rewarding experience.

If you are interested in learning how you can be a more effective American please come join us for our next book club discussion on March 29 at 7:00 p.m!
